Verse 1

I was driving in my red Corvette
Then I saw her, she said her name was Babette
She said she liked me, when she just met me
and my red Corvette

She was just like she had been the girl of my dreams
We had some good times, we just laughed and screamed
And we went cruisin' all across the land
With my red Corvette

Chorus

Amaj7

But she only fell in love with my car

E

How could it ever had come this far

Amaj7

When it hit me I was feeling so bad

B

How could I ever let it happen like that ?

Verse 2

This wasn't how it was supposed to be
But there ain't no room not enough for three

For me and my Corvette
