

STREETS OF JERUSALEM

Lyrics & Music: Djan, nov 2018; written in Bethlehem

G Em
We strolled down in the Old Town
C Dsus-D
The streets of Jerusalem
Em G C G-C D
We started out at the Damascus Gate

We walked the Muslim area
Through The streets of Jerusalem
We were pushed around in the crowd

Cargo mopeds tooting: step aside
In the streets of Jerusalem
It appeared to be Mohammed's birthday

Chorus 1:

And I asked:

D G C D G
Please God, get us safe to the other side
Please God, get us out of here
Em G C G
Please God, take us where you want us to be
D C
Please God, get us out,
G-C
Out of these streets of Jerusalem

So hard to keep our group together
In the streets of Jerusalem
But we found one another from time to time

At Via Dolorosa
One of the streets of Jerusalem
The very street where Jesus carried His cross

We've seen a number of statios
In this street of Jerusalem
Those are the places were Jesus took a halt

Chorus 1

Break:

Em B/F# G A
It's still a beautiful city
It's still a beautiful place
Come on and visit this city
Em B/F# G C G-C D
Come on and visit Jerusalem

We sat down in Gethsemane
In the town of Jerusalem
Where we prayed for peace and understanding

At the Mountain of Olives
We'd seen the streets of Jerusalem
Evening view with all the city lights

Chorus 2:

And I said:

Please God, let us see the beautiful side

Please God, we want to be here

This must be the place you want us to be

Please God, take us through,

Right through the streets of Jerusalem

Right through the streets of Jerusalem
